

# BERKSHIRE MOUNTAIN DISTILLERS, INC

Est. 2007

BERKSHIRE  
BOURBON  
WHISKEY

SMOKE  
AND  
PEAT

## Production

---

In making our smoke and peat series bourbon, we first start with our gold medal award winning Berkshire Bourbon that has been previously aged in Virgin American white oak barrels. Once it has been aged to perfection we then transfer it to casks that have been freshly emptied of an Islay single malt Scotch. We let our bourbon finish in these heavily peated and smoked casks for just the right amount of time. The resultant whiskey is sure to please, perhaps even bring together, two typically different types of whiskey drinkers.

## Tasting Notes

---

The smoke and peat on the nose is hard to miss, however the first impression is one of spice, vanilla, chocolate and oak. Then the confusion sets in, the wonderful classic bourbon notes fade leaving one with a lovely, lingering and layered taste of smoke, peat and yes, a tad of iodine on the palate.

## About

---

Established in 2007, Berkshire Mountain Distillers has created a line of award-winning artisanal spirits which include Greylock Gin, Ethereal Gins, Ragged Mountain Rum, Ice Glen Vodka, Berkshire Bourbon and New England Corn Whiskey. All products are handcrafted in small batches at the Berkshire's first legal distillery since prohibition. Located in Sheffield, Massachusetts, the farm and distillery are home to historic spring waters that flow from deep within a protected granite mountain bordering the Appalachian Trail. We use these waters through all stages of production for our fine spirits. As supporters of local agriculture and business, Berkshire Mountain Distillers uses regional materials in many of our products, creating a truly authentic artisanal brand.
