

TWO LANTERNS AMERICAN WHISKEY

About

Established in 2007, Berkshire Mountain Distillers has created a line of award-winning artisanal spirits which include Greylock Gin, Ethereal Gins, Ragged Mountain Rum, Ice Glen Vodka, Berkshire Bourbon and New England Corn Whiskey. All products are handcrafted in small batches at the Berkshire's first legal distillery since prohibition. Located in Sheffield, Massachusetts, the farm and distillery are home to historic spring waters that flow from deep within a protected granite mountain bordering the Appalachian Trail. We use these waters through all stages of production for our fine spirits. As supporters of local agriculture and business, Berkshire Mountain Distillers uses regional materials in many of our products, creating a truly authentic artisanal brand.

Production

After over four years in the making, Berkshire Mountain Distillers is finally releasing its Two Lanterns American Whiskey - the result of a collaborative effort with Samuel Adams. This whiskey has been triple distilled from Sam Adams' flagship beer, Boston Lager, which was the cornerstone of the American craft beer revolution. This whiskey is the first whiskey to ever legally be distilled from Boston Lager, and its taste profile uncannily mirrors that from which it was distilled.

Tasting Notes

Well, the apple does not fall far from the tree on this one.

Toasted malt and caramel on the nose, with a floral quality reminiscent of green grape and lychee nut, probably a vestigial reminder of the perfectly blended hops used in making this beer. This is a very clean and light whiskey that is genetically tied to a historic lager - try a taste of history.
