

Limited Edition

ETHEREAL GIN

Batch 18

Berkshire Mountain Distillers, established in 2007, is the Berkshires' first legal distillery since Prohibition and a founding member of the craft distiller movement.

The newest batch of Ethereal Gin has arrived. Ethereal Gin Batch 18 leans into a floral style with a strong presence of hibiscus flowers, lavender and elderberry. The backbone is heavy citrus featuring orange and lime peels. This version has airy highlights and grounded balance. Enjoy the next evolution in the Ethereal Gin series.
