

# BERKSHIRE

## AMERICAN GIN

**Berkshire Mountain Distillers,** established in 2007, is the Berkshires' first legal distillery since Prohibition and a founding member of the craft distiller movement.

Bright, perfectly balanced and curiously complicated. Berkshire gin's initial notes of layered citrus are followed by, well, liquid silk. Fifteen botanicals, and seventeen years in the making brings to you a gin not to be missed. Perhaps our second #1 craft gin in the country?
